## Call The Volunteer Hotline

The Nashville District has been selected by the Office of the Chief of Engineers to establish a nationwide volunteer clearinghouse to provide persons with information about volunteer opportunities with the Corps nationwide. The hotline number is 1-800-VOL-TEER (865-8337).

Volunteer opportunities range from outdoor activities like designing, building and maintaining trails or serving as a campground host to indoor activities like developing computer programs or writing and editing material for publications.

Corps volunteers can gain valuable skills, work outdoors, meet new people, see new areas of the country and achieve a proud sense of contributing to the future of the Nation.

Anyone can volunteer. Applicants under 18, however, must have parental or legal guardian consent.

## Wear Your Life Jacket!

Life jackets are the best insurance you can have if you're on or around the water — though unfortunately many of us don't take them seriously enough. The fact is, simply wearing a life jacket can save swimmers as well as non-swimmers who are suddenly in the water and may be unconscious, fatigued, in shock, inebriated, surprised, panicked — or all of the above. **Be sure you have the proper type of life jacket and wear it: once you're in the water may be too late to think about putting it on.**

**REMEMBER: Your life jacket is a life saver — but only if you wear it.**

\*Camping is permitted by reservation and on a first come basis. Camping at Fall Creek is on a first come basis only.      Reservations can be made by calling (1-877) 444-6777.    ▲ Recreation areas subject to day use fees for developed facilities.
